**NEW INCURVE BRACKETS**

for creating French returns
compatible with the following collections:

- **EUROPEAN ELEGANCE** (PAGES 22-23)
- **OPERA** (PAGES 50-51)
- **TECHNO TRACK** (PAGES 58-59)
Welcome to Vesta’s 2019 Drapery Hardware Catalog. We’re excited to introduce some new collections and product enhancements. We continually work with our manufacturers to find unique drapery hardware that’s innovative and functional. Our staff is always here and ready to assist with product questions, estimating, ordering and shipping. It’s been our pleasure to collaborate with the design community for the last 30+ years. Vesta is proud to be an American Society of Interior Designers (ASID) National Industry Partner and supports the Society’s belief that design impacts lives. We’re pleased to join a community of designers, manufacturers, educators, and students to promote the value of interior design and interior designers, and look forward to supporting the advancement of the profession in the evolving global marketplace.

Collections are typically shown in their entirety on two contiguous pages so you won’t have to flip through numerous pages to find compatible items. If a collection is available in more than one finish, then we try to place a photographic sample of each available finish somewhere on the pages associated with that collection. All collections are alphabetically distributed throughout the catalog pages for quick, easy reference. The table of contents chart on the right lists the page locations for each collection, product availability and whether tubing or track diameter is over or under one inch. Color-coded accents are also used in the chart and on each page to visually identify the primary materials featured in the collection you’re viewing (aluminum, brass, resin and so on). We thank you for your interest in Vesta’s drapery hardware products and assistance is just a phone call away.

Introduction & Catalog Info

Collections are typically shown in their entirety on two contiguous pages so you won’t have to flip through numerous pages to find compatible items. If a collection is available in more than one finish, then we try to place a photographic sample of each available finish somewhere on the pages associated with that collection. All collections are alphabetically distributed throughout the catalog pages for quick, easy reference. The table of contents chart on the right lists the page locations for each collection, product availability and whether tubing or track diameter is over or under one inch. Color-coded accents are also used in the chart and on each page to visually identify the primary materials featured in the collection you’re viewing (aluminum, brass, resin and so on). Hardware dimensions describe the physical size of an item - not the tubing size it’s compatible with. Vesta • 800.638.3782 - voice • 864.225.0228 - fax • sales@ivesta.com
Experience the raw beauty of hand-forged iron hardware. Vesta discovered a talented local artisan skilled in the Old World art of blacksmithing. Each piece is meticulously hand-forged and tempered by fire in three rustic finishes. Unique to this collection is a solid 1” diameter hammered rod.

**AVAILABILITY:**
special order 3-4 weeks, no returns

**PRIMARY MATERIALS:**
■ wrought iron

**DIAMETER & BRACKET REQUIREMENTS:**
1”D: bracket required every 6-7 feet

**SHIPPING & ADDITIONAL NOTES:**
Due to the nature of hand-forging slight variances in dimensional characteristics is to be expected. The solid hammered rod is heavy. Brackets MUST BE stud mounted. Improper installation may cause injury. The curtain rings in this collection are not hand-forged.

**AVAILABLE FINISHES:**
BL = black
B  = bronze
NA = natural (iron)

Vesta’s Crystal Magic Collection exudes the kind of high elegance that inspires awe. These finials represent the opulent eye-catching sparkle of high-leaded French crystal. All finials are precision hand-cut and available in a variety of rich colors and six base finishes. Designed as newel post toppers, they may also be used as drapery finials for 2¼" diameter poles (Highland Timber Collection, pg. 32-35 & Hunley Collection, pg. 36-39).

**AVAILABILITY:**
special order 3-4 weeks, no returns

**PRIMARY MATERIALS:**
- crystal, brass

**DIAMETER & BRACKET REQUIREMENTS:**
2¼"D: Highland Timber (pg. 32-35) & Hunley (pg. 36-39)

**SHIPPING & ADDITIONAL NOTES:**
Extra care must be taken when using as drapery finials due to the weight of the finials. Please be certain that the finials are firmly affixed to the rod you select in order to avoid personal injury and to protect your investment.

**AVAILABLE BASE FINISHES:**
- AB = antique brass
- BB = brushed brass
- BN = brushed nickel
- OB = old black
- PB = polished brass
- PC = polished chrome

Hardware dimensions describe the physical size of an item - not the tubing size it’s compatible with.  
Vesta • 800.638.3782 - voice • 864.225.0228 - fax • sales@ivesta.com
Vesta’s Gaudi Collection skillfully unites steel and wrought iron to form unique drapery hardware interpretations. Elegantly bold and eye-catching finial designs help facilitate the transition between traditional and modern window treatment styles.

**AVAILABILITY:**
in-stock, typically ships within 24-48 hours

**PRIMARY MATERIALS:**
■ wrought iron, steel

**DIAMETER & BRACKET REQUIREMENTS:**
1½”D: bracket required every 5-7 feet

**SHIPPING & ADDITIONAL NOTES:**
Due to changes in the shipping industry, rods at 96” are billed at the 90lb. ground rate. The collection’s rod splice can be used to achieve longer spans.

**AVAILABLE FINISHES:**
AB = antique brass
AN = antique nickel

  - *adjusts 90° to 180°*

- **Flat Ring**
  - #286257
  - 1¼"ID, 1¼"OD

**COMPONENT SPOTLIGHT**

The illustration above represents this collection’s Geo bracket. The wall plate (1) extends a threaded piece through the face plate (2) which then attaches to the bracket base (3). The notched stem (4) of the bracket slides into the bracket base and is held in place by a set screw. Tubing is held firmly in place through the use of a set screw as well. This bracket can be used in a ceiling installation as long as you don’t cut the stem to create a custom projection (thus losing the notched area).

1. wall plate  
2. face plate  
3. bracket base  
4. stem

Hardware dimensions describe the physical size of an item - not the tubing size it’s compatible with.

**SPECIALTY HARDWARE NOTE**
*due to the lightweight properties of aluminum constructed parts, heavy lined and blackout lined treatments are not suitable for this collection*
HELENA COLLECTION

Vesta’s Helena Collection features the strength of steel in four popular finishes. Bold and elegant designs are offered to solve various design challenges. All items are in-stock for quick shipping and available at an attractive price point.

AVAILABILITY:
in-stock, typically ships within 24-48 hours

PRIMARY MATERIALS:
■ steel

DIAMETER & BRACKET REQUIREMENTS:
2"D: bracket required every 6-8 feet

SHIPPING & ADDITIONAL NOTES:
Due to changes in the shipping industry, rods at 96" are billed at the 90lb. ground rate. The collection’s rod splice can be used to achieve longer spans. In some applications the center bracket will conceal the splice point.

AVAILABLE FINISHES:
AB = antique brass
BN = brushed nickel
ORB = oil-rubbed bronze
PC = polished chrome

Experience the attractiveness and versatility of Vesta’s Mediterranean Collection featuring five appealing finishes and an assortment of hand-crafted iron accessories suitable for most design schemes. All hardware items are in-stock and ready for quick shipping.

**AVAILABILITY:**
in-stock, typically ships within 24-48 hours

**PRIMARY MATERIALS:**
- wrought iron, steel

**DIAMETER & BRACKET REQUIREMENTS:**
3/4"D: bracket required every 4-5 feet

**SHIPPING & ADDITIONAL NOTES:**
Due to changes in the shipping industry, rods at 96" are billed at the 90lb. ground rate. The collection’s rod splice can be used to achieve longer spans. In most applications the center bracket will conceal the splice point.

**AVAILABLE FINISHES:**
- **AB** = antique brass
- **EP** = english pewter
- **IG** = ivory gold
- **OB** = old black
- **RT** = rust

Vesta • 800.638.3782 • voice • 864.225.0228 • fax • sales@ivesta.com
Vesta’s Motopia Collection features precision extruded decorative aluminum tracks powered by a belt driven wire-free motor. The silent system operates with a 5-channel (RF) remote control, and can hold a charge for up to one year.

**AVAILABILITY:**
special order 3-4 weeks, no returns

**PRIMARY MATERIALS:**
- aluminum, brass

**DIAMETER & BRACKET REQUIREMENTS:**
1¼"D: bracket required every 5-7 feet

**SHIPPING & ADDITIONAL NOTES:**
Tampering with the motor for any reason immediately voids the manufacturer warranty. Vesta will not be responsible for damage to your motor if your draperies touch, and therefore drag across the floor (puddling) during operation. No returns are permitted on this highly customized product.

**AVAILABLE FINISHES:**
- **BL** = black
- **BN** = brushed nickel
- **PC** = polished chrome
**MOTOPIA COLLECTION**

**Availability:** special order 3-4 weeks, no returns  |  **Available Finishes:** BL, BN, PC  |  **Materials:** aluminum, brass

**A. Belt** - The Kevlar reinforced transport belt provides long life and silent operation.

**B. Motor Housing Assembly** - This wear-resistant housing is equipped with high quality ball bearings.

**C. Wire-Free Motor** - This wire-free motor requires charging 1x per year with an estimated 2 cycles per day (99lbs). It operates with very little noise and can be manually operated in case of power failure.

**D. Remote** - (RF) 5-channel remote control.

**E. Return Pulley Assembly** - The special plastic of the return pulley’s bearing ensures smooth operation.

**F. Finial** - Select a compatible finial from one of our other collections using the chart at right.

**G. Overlap/Underlap** - These special master carriers create complete closure of your window treatment.

---

**TAMPERING WITH THE MOTOR FOR ANY REASON IMMEDIATELY VOIDS THE MANUFACTURER WARRANTY.** Vesta will not be held responsible for damage to your motor if your draperies touch and therefore drag across the floor (puddling) during operation. **No returns are permitted on this highly customized product.**

Hardware dimensions describe the physical size of an item - not the tubing size it’s compatible with. Vesta • 800.638.3782 - voice • 864.225.0228 - fax • sales@ivesta.com
Vesta’s Techno Topia Collection features a manual cord operated traverse system. Single and double treatments are possible with one-way or two-way draws. Numerous finial options are available to complete your decorative treatment. Most items are stocked and available for quick shipping.

**AVAILABILITY:**
most items in-stock, typically ships within 24-48 hours. (special order finials from European Elegance and Geolux collections take 3-4 weeks, no returns)

**PRIMARY MATERIALS:**
- aluminum, brass

**DIAMETER & BRACKET REQUIREMENTS:**
1¼"D; bracket required every 5-7 feet

**SHIPPING & ADDITIONAL NOTES:**
Due to changes in the shipping industry rods at 96” are billed at the 90lb. ground rate. Splicing is not recommended in order to keep the system’s structural and functional integrity.

**AVAILABLE FINISHES:**
- BL = black
- BN = brushed nickel
- PC = polished chrome

Hardware dimensions describe the physical size of an item - not the track size it’s compatible with.
Vesta’s Techno Track Collection is hand-traversing and designed with extensive one-way draws in mind. The collection’s Techno brackets support the aluminum extruded track from above, allowing the gliders unfettered access along the entire bottom rail of track. Most items are stocked and available for quick shipping.

**AVAILABILITY:**
most items in-stock, typically ships within 24-48 hours.
(special order finials from European Elegance and Geolux collections take 3 - 4 weeks, no returns)

**PRIMARY MATERIALS:**
■ aluminum, brass

**DIAMETER & BRACKET REQUIREMENTS:**
▲ ¾"D: bracket required every 3-5 feet
▼ 1¼"D: bracket required every 5-7 feet

**SHIPPING & ADDITIONAL NOTES:**
Splicing when applicable can significantly reduce freight charges. The created seam will be visible. We can help you make the best-informed decision when it’s time to ship your order.

**AVAILABLE FINISHES:**
- ABM = antique brass matte
- BB = brushed brass
- BL = black
- BN = brushed nickel
- PB = polished brass
- PC = polished chrome

**WOOD FOIL FINISHES**
- BECH / OAK / PLUM
  *available in the 1¼"D track only

*due to the nature of these materials and the finishing process, a variance in finish is unavoidable.

A: The shipping trade has changed in recent years, and the effects have been felt

Q: How are shipping charges calculated?
A: Typically a dry dust cloth is all that is required. In some cases, a solution of warm water and mild soap can be used. DO NOT USE ANY HARSH CHEMICALS OR ABRASIVES. Gloves should be worn during installation to protect the surface finish.

Q: What is the best way to clean brass?
A: Typically a dry dust cloth is all that is required. In some cases, a solution of warm water and mild soap can be used. DO NOT USE ANY HARSH CHEMICALS OR ABRASIVES. Gloves should be worn during installation to protect the surface finish.

Q: What is the best way to clean aluminum?
A: Typically a dry dust cloth is all that is required. In some cases, a solution of warm water and mild soap can be used. For stubborn areas like fingerprints a multi-purpose cleaner such as Ballistol® can be used to clean the surface area. DO NOT USE ANY HARSH CHEMICALS OR ABRASIVES. Gloves should be worn during installation to protect the surface finish.

Q: How is shipping handled?
A: Vesta uses various shipping companies to deliver your order. Due to the nature of our product rods/tracks are sometimes packed separately from the hardware. As a result, the smaller packages are handled differently than the longer packages, and on occasion delivered at different times. This applies to ground shipped packages only. Premium air service is backed by a delivery guarantee for all packages tendered. If and when possible we can pack everything in a large corrugated tube or Reddi-Crate® box. Vesta ships all orders complete on the same day unless instructed otherwise. ALL SHIPMENTS SHOULD BE INSPECTED UPON RECEIPT. For damages that are visibly blatant, we suggest that you refuse the shipment. At a minimum, notes must be made on the Bill of Lading for LTL shipments and reported to Vesta immediately. For concealed damage when no physical evidence is apparent, a report must be made within five business days to honor the claim.

Q: How are shipping charges calculated?
A: The shipping trade has changed in recent years, and the effects have been felt throughout our industry. Terminology such as “over length” and “extreme length” are now used by carriers to classify packages within a certain DIM (L x W x H) range to rate shipments. Any package measuring 97”-108” will be rated at the 90 lb. ground rate. All LTL packages measuring 119”-144” are classified as standard LTL. Packages that are greater than 144” are classified as “extreme length”. The majority of LTL carriers have adopted standard that “extreme length” surcharges ranging from $2.1-$3.75. All rates vary depending on geographical location. We check all carrier rates for the best possible rate.

**COLLECTIONS GROUPED BY PRIMARY MATERIAL**

All images and copy included in this printed catalog and in our online showroom are produced for our purposes. No images or text may be duplicated in any form without Vesta's expressed written consent. Colors and finishes should be close but customers should expect slight variations due to the processes involved in four-color printing and posting material online. Vesta is providing these materials in good faith and may not be held responsible for any typographical errors regarding our products, our pricing or product availability. Furthermore, Vesta is not responsible for any outages or discontinuance from our suppliers. The responsibility of determining an appropriate collection and diameter to properly support the weight of any proposed window treatment ultimately rests with the person placing the order or their installer. Vesta can only make generalized recommendations based on information provided by the customer.

All merchandise should be inspected immediately upon receipt to resolve any claims with all parties involved in the transaction. Special order items CANNOT be returned. There may be a 25% restocking fee associated with any returned merchandise and in ALL instances, accepting any returned merchandise is subject to Vesta’s inspection.
